The program will be led by a highly trained and specialized facilitator using the sport of canoeing to develop areas such as:

- Team building and -development
- Trauma debriefing
- Communication
- Conflict management
- Cross cultural linking
- Life coaching
- New member integration / induction programs

Programmes and topics can be tailored to meet individual requirements.

Funds obtained from these personnel development functions will be utilized for Kamcare projects such as the Afterschool.

BEE certificates

Kamcare is proud to announce that we are not only registered to receive contributions for Social Economic Development but by middle February we will also be registered for Enterprise Development. This in short means that if a business contributes financially towards Kamcare, the business can earn BEE points from Kamcare. Please contact the office for more information.
